

## where to find us

### Distribution points reach locals and visitors

Advertisers get copies delivered and are replenished as needed. Key events also get copies for distribution. As partners for many key food and drink events, we often hand out copies in person at our booths. Since South Florida is a year-round tourist destination, copies are available at attractions and visitor centers. We also mail to subscribers and our digital edition is available online.

### Whole Foods Markets

Coral Gables
