

YOUR GUIDE TO FRESH FROM FLORIDA

For more than 30 years, the “Fresh From Florida” logo has served to identify more than 300 Florida-grown and Florida-harvested commodities. Choosing products with this logo supports Florida farmers, strengthens local communities, and helps keep dollars in the local economy. Remember, when dining out, look for and ask for Florida grown and harvested produce, seafood, beef and dairy products.

When shopping, ask your grocer for “Fresh From Florida.”
Support local farmers and your community—look for the sunny logo.
It’s a big deal.

Florida Produce
